Facilitator Notes:

1. This is a survey for all of you who regularly attend our church: both members and non-members. If you think you have been here long enough to give us an honest look at ourselves then please complete this survey.

2. **Explanation:** One of our goals is to turn you into the very best Christian than you can be. **So what do you need to grow?** What areas are you the weakest in? need the most help in?
3. This survey highlights the five areas that we need to excel in as a church.
4. The answers can range from one to 10 – for instance, you may say we do a fair job in one category so you may give it a five; you may say this other category is one of our strengths but we can do better so you may give it a seven because seven is good but it is not as good as it could be.
5. **This will probably be done on a yearly basis** to give us a feel for which categories are moving up/moving down and adjustments that we need to make in order to help you become a healthy Christian.
6. The PDC has already done this once...be sure to do it again, though.
7. Give 30 seconds to think about each point then write their age and pass to the center of the aisle.

In evaluating use only the responses for ages 13 on up. Also, combine those responses for one overall response then split the responses into 13 – 50 and 51- higher. This will give an age comparison slide as well. Do these on several slides!
